Community Education at Human Options aims to engage the community in our mission to reduce and prevent domestic violence. In order to change the societal attitudes and beliefs that perpetuate the cycle of domestic violence, we place a priority on prevention programs and awareness campaigns designed to bring light to an issue that thrives in silence. Our community educators use storytelling, lecture, and interactive lessons to engage participants of all ages in our mission. Partnering with Orange County schools, community groups and organizations, we educate more than 8,000 people a year.

Targeting Elders; Financial Scams

Length: 60 min **Audience:** All Ages

This presentation provides information on scams used to target seniors. Attendees are educated on a variety of current scams including what scammers say to entice them, red flags to beware of, and tips to avoid being scammed. Resources will also be provided to inform attendees on who and where to report to if they have been contacted by a scammer or know someone who has. **Cost: FREE**

Later Life Family Violence

Length: 60 min **Audience:** All Ages, Health Practitioners

This presentation describes elder abuse and late-life family violence in our community. It provides an overview of domestic violence and discusses the underlying dynamics and impact of elder abuse, while also identifying intervention strategies and resources. **Cost: FREE**

To request a presentation, please visit our website to fill out a Presentation Request Form and email it to communityeducation@humanoptions.org.
