IRVINE NONPROFIT SELECTS NEW OFFICER

Human Options, an Irvine-based nonprofit that provides safe haven and programs to help abused women, their children and families rebuild their lives, has added Laguna Niguel resident Ann Duncan Levy as its chief development officer.

Duncan Levy worked at Dell as an account executive for eight years, where she managed sales territory in Southern California. Most recently, she co-founded Impact Giving, a women's collective giving organization dedicated to effecting social change and transforming lives.
